REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record do not teach or suggest, in the claimed combination thereof, a symmetric crossover structure of two lines formed of a lower conductor layer and a higher conductor layer above a substrate, the structure comprising:

- a first line branched to a first route and a second route; and
- a second line branched to a third route and a fourth route;

wherein the first route has a first segment to cross over the third route from the higher conductor layer and a second segment to cross over the fourth route from the lower conductor layer, the second route has a third segment to cross over the third route from the lower conductor layer and a fourth segment to cross over the fourth route from the higher conductor layer, the third route has a fifth segment to cross over the second route from the higher conductor layer and a sixth segment to cross over the first route from the lower conductor layer, and the fourth route has a seventh segment to cross over the second route from the lower conductor layer and an eighth segment to cross over the first route from the higher conductor layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
